GROUP TREKKING ADVENTURES

a different way to experience the Swiss Alps

COMMEIRE

A village. A story. A way of life.

Perched high above the Val d'Entremont valley in the heart of Valais, Commeire has been **listed since 1995 in the Swiss Federal Inventory of Heritage Sites of National Importance**, recognising its remarkable architectural and cultural heritage.

"A place to step off the beaten path, discover a more intimate side of Valais and experience the Alps in a truly authentic way."

MONTAGNE ALTERNATIVE

A place to stay...

MONTAGNE ALTERNATIVE

A place to stay...

Driven by both conviction and a deep affection for the place, Benoît Greindl set out, between 2006 and 2014, to breathe new life into Commeire's forgotten barns. Each building was carefully and patiently restored, preserving the soul of the place, its traditional architecture and, wherever possible, the original materials that tell its story.

As the first B Corp™-certified hospitality company in Switzerland, and recertified in 2026, Montagne Alternative continues its commitment to doing things differently. Through a more conscious and regenerative approach to tourism, we strive to care for the landscapes, communities and ecosystems that make these places so unique.
